AND LIMITED 15-YEAR SURFACE WARRANTY AGAINST OSMOTIC BLISTERING
(COLLECTIVELY, THIS “LIMITED WARRANTY”)**

Keep This Information for Your Records

The River Brand pool shell manufactured by Thursday Pools, LLC (“Thursday Pools” or “Manufacturer”), located at 840 Commerce Parkway, Fortville, Indiana 46040, provides the above-titled warranty to the original purchaser of the pool or spa shell (or one-time “Authorized Transferee”, as defined below). This Limited Warranty only covers the pool shell and does not extend to products sold by Manufacturer as blemished or “as is” unless specifically stated otherwise by Manufacturer in writing, or to products not sold by Manufacturer. This Limited Warranty commences upon the later of the installation of the pool or spa shell, the original purchaser’s registration of this Limited Warranty with the Manufacturer, or installer is paid in full by the original purchaser for the pool or spa shell.

LIMITED 35 YEAR STRUCTURAL WARRANTY. Thursday Pools warrants to the original purchaser of the pool or spa shell (or one-time Authorized Transferee) for a period of thirty-five (35) years from installation that any pool or spa shell purchased from Thursday Pools will not leak water due to structural failures caused by defects in materials used in and workmanship during manufacturing.

LIMITED 15-YEAR SURFACE WARRANTY. Thursday Pools warrants to the original purchaser of the pool or spa shell (or one-time Authorized Transferee) for a period of fifteen (15) years from installation that the surface of any pool or spa shell purchased from Thursday Pools will be free of osmotic blistering caused by defects in materials used in and workmanship during manufacturing.

WHAT IS NOT COVERED. For purposes of illustration, but not limitation, the following are **not** defects in materials used in and workmanship during manufacturing and **not** covered by this Limited Warranty:

- Installation. Pools and spa shells are installed by independent dealers, and Manufacturer makes no representations, warranties, or guarantees with regard to the installation of any pool or spa shell.
- Normal wear and tear and/or required maintenance.
- Items not manufactured by Thursday Pools (e.g., pumps, hoses, piping, pool covers, heaters). Note, these items may be covered under third party warranties.

- The coping or top edge of the pool, which Thursday Pools recommends be covered by a suitable decking material appropriate for the applicable conditions.
- Color or texture variations (including those resulting from repairs made).
- Cosmetic blemishes, discoloration, fading, whitening, staining, yellowing, mineral deposits, calcium scale, color and hairline/surface cracks.
- Damage to the pool resulting from natural occurrences such as floods, ground shifting, landslides, tornadoes, and earthquakes.

VOIDING THE LIMITED WARRANTY. This Limited Warranty is null and void if:

- The product is used for anything other than residential use.
- Water chemistry is not properly maintained pursuant to the guidelines set forth in the Owner’s Manual provided by Thursday Pools.
- The ground level water is allowed to go higher than the pool water level.
- The pool water is never allowed to go below the skimmer, which can cause damage including, but not limited to, structural failure. For purposes of this Limited Warranty, allowing the water level to go below the skimmer will be considered “draining” the pool.
- The pool water is ever allowed to overflow or water drainage to run into the pool.
- The pool or spa shell is abused, misused or there is a lack of proper maintenance and care not conforming to the guidelines set forth in the Owner’s Manual provided by Thursday Pools.
- The pool or spa shell is improper installed, including:
 - Failure to comply with any applicable codes, laws, rules and regulations;
 - Failure to install concrete bond beam around the perimeter of the pool shell;
 - Failure to install drainpipes and well pits meeting the following requirements:
 - 8” minimum diameter piping. Perforations in lower walls of pipe.
 - Installed 12” below the bottom of the deep end of pool with at least 2” of gravel beneath.
 - Finish off the top of the pipe with skimmer lid and screws in place securely.
 - Failure to use backfill materials meeting the following requirements:
 - 3/8” to 1 1/2” washed chip stone; no sand or pea gravel.
 - Backfill to be placed (alternating) within 12” of water level in pool.

- Proper compaction completed under all horizontal surfaces.
- There is damage to the pool or spa shell caused by actions of third parties.
- There is damage to the pool or spa shell caused by landscaping or drainage.
- There is damage caused during transport of the pool or spa shell.

ADDITIONAL WARNINGS:

- **DO NOT DRAIN THE POOL OR OTHERWISE ALLOW THE WATER LEVEL TO GO BELOW THE SKIMMER – IT WILL VOID THIS LIMITED WARRANTY.**
- **THE USE OF A SALT-WATER SYSTEM MAY GREATLY INCREASE THE RISK OF WHITENING OF THE POOL OR SPA SHELL IN THE EVENT THE WATER CHEMISTRY IS OUTSIDE THE GUIDELINES CONTAINED IN THE OWNER’S MANUAL – WHITENING IS NOT COVERED BY THIS LIMITED WARRANTY.**
